Expansive Ground: Sidney Nolan in the Wimmera

10 DECEMBER 2022 - 5 MARCH 2023

The Wimmera had a profound effect on Sidney Nolan's development as an artist. It was during his stay in 1942 that he created some of his most iconic paintings. Selected from sketches & paintings created between 1942 - 1943, this exhibition explores how Nolan saw the Wimmera region, its landscapes and people, as he developed a versatile visual language that re-envisioned the Australian landscape.

Curated by Alison Eggleton, Horsham Regional Art Gallery.

Presented by Horsham Regional Art Gallery, with support from Principal Loan Partner, the National Gallery of Australia, and Heide Museum of Modern Art. The National Gallery's Regional Initiatives Program is generously supported by Major Partner AWM Electrical and Data Suppliers.
