Horsham & The Wimmera...

Nestled in the heart of regional Western Victoria, Horsham and surrounding communities are bursting with culture, art, nature and recreational activities waiting to be explored. Travelling through regional Western Victoria will lead you to the city of Horsham.

Situated within the Wimmera and in close proximity to the Grampians, Horsham is a country-town turned city whose growth can be largely credited to the spirit of the people that live here and the strength of our agriculture industry. Surrounding townships, though small, contain a sense of wonder and peacefulness that is often hard to find.

The Wimmera River flows throughout the region, further highlighting the extensive natural attractions on offer. From the Grampians National Park to Mt Arapiles to the famous Silo A Trails, there is a surplus of attractions for the curious adventure seeker. Freshwater lakes, creeks, dams and the Wimmera River itself offer an abundance of water sports, swimming locations and fishing destinations for locals and tourists alike while fresh gum trees, native flowers and wildlife are staples of popular camping spots in the area.

Horsham itself is an oasis of exploration with public art, walk trails, gardens, businesses, boutiques and community space resting at your feet.

Restaurant and cafes reflect the growing diversity of the community with authentic Indian, Thai and Vietnamese cuisines among the multiple options. And of course, a pub meal is always waiting.

The Horsham Regional Art Gallery, the Horsham Town Hall and the Horsham & Grampians Visitor Centre Information Centre all located in the same building at 71 Pynsent Street, offer an incredible range of workshops, exhibits and performances throughout the year.

Accommodation options in town include Airbnb's, caravan park hotels, motels and local pubs.

Though the Wimmera is a large region with multiple towns and communities scattered throughout, travelling between destinations by car isn't as time-consuming as people may think. Situated just 15 minutes out of town are two local wineries with spectacular views, incredible service and top-quality wine. Wartook, Natimuk and Dadsweils Bridge are all less than an hour out of Horsham. Wartook is popular for horse riding, mountain biking and is host to the Billimina Rock Art Site which features First Nations rock art. Natimuk is a popular destination for rock climbers, located only 10 kilometres away from the famous Mt Arapiles. Dadsweils Bridge features the popular Giant Koala Conservation Centre and Old Dadsweils Town, which are both family-friendly adventures.

20 minutes outside of Horsham is the township of Dimboola with boutique shops, eateries and public artworks throughout the town and the incredible Pink Lake.

Murtoa and Minyip are northeast of Horsham. Murtoa has an outstanding museum with a large taxidermy display and the famous Slick Shed among its attractions, while Minyip is known for 'The Flying Doctors' and 'The Dry'.

Further out lies Warracknabeal, known for its number of historical buildings, the Wheatlands Agricultural Museum and Yarrambra Creek.

And of course, the Grampians and Halls Gap are a mere hour away from Horsham.

With incredible waterfalls, nature trails, a popular ice-creamery, the largest zoo in regional Victoria, the Brambuk Cultural Centre and a local winery and olive plantation, the Grampians and Halls Gap are not to be missed during your visit to the Wimmera. Further information is available from the Horsham & Grampians Visitor Information Centre, open daily from 10am to 4pm.
